

PgBee Business Gap Analysis

Current State vs Future State Assessment

Executive Summary

The purpose of this Gap Analysis is to identify the difference between PgBee's current business position and its desired future state as Kerala's leading student accommodation platform.

This analysis highlights operational, revenue, technology, market, and strategic gaps that must be addressed to achieve sustainable growth and profitability.

1. Current Business Snapshot

Current Position

Platform

- Student Mobile Application
- Owner Mobile Application
- Website Platform
- Admin Panel

Business Model

- Booking Commission
- Premium Listings
- Advertisement Revenue (Planned)

Market

- Early-stage growth
- Kerala-focused operations

Performance

- 74 successful bookings during beta phase
 - Active hostel onboarding process
-

2. Future Vision

Desired Position (3–5 Years)

PgBee becomes:

- Kerala's #1 student accommodation platform
 - Multi-state accommodation marketplace
 - Data-driven platform
 - Subscription-based revenue business
 - Profitable and scalable ecosystem
-

3. Business Gap Analysis

Gap Area 1: Market Coverage

Current State

- Limited district coverage
- Small hostel inventory
- Low market penetration

Desired State

- Coverage across all major Kerala districts
- Large verified hostel inventory
- Strong student presence

Gap

High

Recommendation

- District-wise expansion strategy
 - Dedicated hostel acquisition campaigns
 - Campus partnerships
-

Gap Area 2: Brand Awareness

Current State

- Low recognition

- Mostly organic growth

Desired State

- Strong student brand
- Recognized across Kerala colleges

Gap

High

Recommendation

- Campus ambassador program
 - Social media marketing
 - Referral growth campaigns
-

Gap Area 3: Revenue Diversification**Current State**

Revenue Sources:

- Booking commission
- Premium listings

Desired State

Revenue Sources:

- Owner subscriptions
- Featured listings
- Lead generation fees
- Payment commissions
- Student premium plans
- Institutional partnerships
- Data products

Gap

Very High

Recommendation

Implement phased revenue rollout:

Year 2

- Owner subscriptions
- Featured listings
- Lead generation fees

Year 3

- Student premium plans
- Business advertising

Year 4+

- Data products
- Institutional partnerships

Gap Area 4: Owner Ecosystem

Current State

- Listing management
- Booking visibility

Desired State

- Full owner business dashboard
- Occupancy analytics
- Revenue tracking
- Lead management

Gap

Medium

Recommendation

Build Owner Analytics Suite

Features:

- Occupancy dashboard
- Revenue dashboard

- Lead conversion reports
-

Gap Area 5: Student Experience

Current State

Students can:

- Search hostels
- View details
- Book rooms

Desired State

Students can:

- Compare hostels
- Save favorites
- Track applications
- Earn referral rewards
- Access premium features

Gap

Medium

Recommendation

Enhance student engagement features

Gap Area 6: Data & Analytics

Current State

- Limited reporting
- Minimal KPI visibility

Desired State

Real-time business intelligence

Including:

- Revenue analytics

- Funnel analytics
- Referral analytics
- Occupancy analytics
- Forecasting models

Gap

Very High

Recommendation

Develop Power BI ecosystem

Executive dashboards

Operational dashboards

Forecasting dashboards

Gap Area 7: Profitability Management

Current State

- Revenue tracked
- Profitability not fully measured

Desired State

Track:

- Gross Profit
- Net Profit
- Profit Margin
- CAC
- LTV
- Break-even Point

Gap

High

Recommendation

Build financial models and KPI framework

Gap Area 8: Expansion Readiness

Current State

- Kerala-focused
- No formal expansion framework

Desired State

Expansion-ready organization

With:

- District scoring models
- State scoring models
- Opportunity ranking systems

Gap

High

Recommendation

Create expansion scorecards based on:

- Student population
- College count
- Hostel demand
- Competition level

4. Competitor Gap Analysis

Area	PgBee Amber Stanza Living NoBroker			
Student Focus	High	High	High	Low

Focus

- Kerala-wide expansion
- Institutional partnerships
- Forecasting systems

Deliverables

- Expansion scorecards
 - Forecasting models
 - Executive dashboards
-

Phase 4 (36+ Months)

Focus

- Multi-state expansion
- Data monetization
- Advanced analytics products

Deliverables

- India expansion strategy
 - Market intelligence products
 - Enterprise partnerships
-

Conclusion

PgBee has established a strong foundation with verified listings, a student-focused ecosystem, and operational mobile applications. However, significant gaps exist in revenue diversification, analytics maturity, brand awareness, and expansion readiness.

By systematically addressing these gaps, PgBee can transition from an early-stage Kerala startup into a scalable, profitable, and data-driven student accommodation platform with long-term expansion potential.
