

PgBee Executive KPI Framework

CEO Dashboard & Strategic Performance Metrics

1. Executive Summary

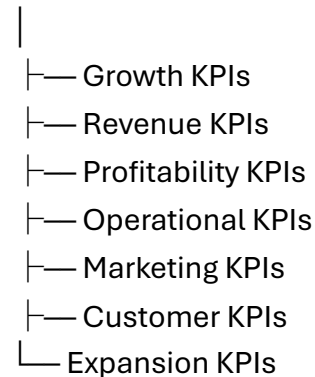

The Executive KPI Framework provides leadership with a high-level view of PgBee's business performance. These KPIs are designed to measure growth, revenue, profitability, operational efficiency, customer acquisition, and expansion readiness.

The purpose is to help management answer:

- Are we growing?
 - Are we making money?
 - Are we profitable?
 - Are students using the platform?
 - Are hostel owners succeeding?
 - Are we ready to expand?
-

14. Conclusion

The Executive KPI Framework transforms PgBee from a platform that simply tracks bookings into a data-driven business capable of measuring growth, profitability, operational efficiency, and expansion opportunities.

The CEO Dashboard should focus on six critical questions:

1. Are we growing?
2. Are students engaged?
3. Are hostels succeeding?
4. Are we generating revenue?
5. Are we profitable?
6. Where should we expand next?
